Re: Royal Links Proposal for Land Sale

I have been instructed to present a sales contract based on the offer to purchase approximately 160 acres of land to the Real Estate Committee on January 19, 1999 for consideration. I request your office's assistance to work with me to prepare the Sales Contract.

Of specific interest to me is the need to address language regarding the present Land Lease Contract being voided and holding the potential buyer responsible for the existing License & Maintenance Agreement the City of Las Vegas presently has with Clark County.

I appreciate your cooperation in this matter.
