Where: OBD large conf room

I will be out of town that day, but I am not a party to the negotiations per se anyway, so my presence is probably not necessary. I understand from Brad Jerbic that a \$7M or so figure has already been put forth by Walters to the City Manager, so this may simply be a matter where we are drafting up a release of restriction which also includes a cancellation of the water agreement and payment to the City of the agreed upon amount. At any rate, OBD can get the details and I will be happy to draft up the document to accomplish the agreed upon terms.
