Subject: RE: Walters Purchase - date council agenda

Tom, can you let me know where we are with the draft agreement and map from public works. We would like to advise Dr. Selby which city council agenda this item will appear.

Thank you,

Julie Quisenberry

See Doug's notes. Was Stallion part of the original water agreement?

As long as Stallion Mountain was part of the original delivery contract I don't have any objection to transferring the credits. I have not had time to review the water delivery contracts.

Doug

Doug:

Walters wants to transfer the water use credits to Stallion Mountain.
