Subject: Engineering Report

Something that I remembered after I left was that I also called Scott Carter in the Cities Office of Business and Development the Friday before I gave the reports to Betsy Fretwell. I told Scott about the reports and asked him if he could quietly find out who and or what was driving the deal with Billy Walters. I was trying to decide whether I should go to the City Council or to the City Managers Office with the reports. He called back Monday morning and said that the deal was being pushed by the "Tenth Floor" which means the City Council. He asked for a copy of the report and gave it to the Director of OBD, Scott Adams. Scott Carter said that Scott Adams was gathering information to brief the City Council on the Walters deal. They can both be reached at the main number for OBD, 229-6551. My cell number is 204-1678 if you need it.
